DRAFT RULES

1. *Short title and commencement.*—(1) These rules may be called the Workmen's Compensation (Occupational Diseases) Rules, 1961.

(2) They shall come into force with effect from the date which will be notified later on.

2. *Application.* These rules shall apply to all workmen employed in any employment mentioned in Part C of Schedule III of the Act.

3. *Definitions.*—In these rules, unless the context otherwise requires:—

(a) "Act" means the Workmen's Compensation Act, 1923 (8 of 1923).

(b) "asbestosis" shall mean—

(i) a pulmonary fibrosis which manifests itself radiologically as a ground glass appearance of the pulmonary field, of striations or reticular formations more or less marked, particularly diffuse at the bases or diffuse stippling or reticulation over extensive areas of both lung fields, whether or not accompanied by signs of pulmonary tuberculosis, and

(ii) clinically, by the presence of asbestos bodies in the sputum, accompanied by tracheo-bronchitis and emphysema;

(c) "Bagassosis" means a disease which—

(i) manifests itself as an acute allergic response due to sensitisation of the individual to bagasse dust, and

(ii) radiologically, consists of increase in the vascular shadows and increase in haziness and reticulation all over the lungs and increase in the hilar densities and some mottling. In acute phases patchy shadows resembling bronchopneumonia may be seen;

(d) "Medical Board" mean the Pneumoconiosis Medical Board constituted by the State Government under rule 4 or any Medical Board recognised by the State Government for the purpose of these rules.

(e) "pneumoconiosis" means silicosis or coalminers pneumoconiosis or asbestosis or bagassosis or any of these diseases accompanied by pulmonary tuberculosis;

4. *Constitution of Pneumoconiosis: Medical Board.*—(1) The State Government shall constitute a Pneumoconiosis Medical Board for the conduct of Medical examinations, submission of medical reports and grant of medical certificates in pursuance of these rules;

Provided that with respect to workmen employed in mines, the State Government may recognise any Medical Board for the purpose of these rules.

(2) The Board constituted or recognised under sub-rule (1) shall consist of three qualified medical practitioners of whom one shall be a radiologist.

5. Medical conditions under which pneumoconiosis may be considered to be an occupational disease.—(1) The diagnosis of pneumoconiosis shall be carried out with all the necessary technical guarantees. Proof of the degree of development of the pathological or anatomical changes in the respiratory and cardiac systems shall be furnished by the radiographic record and other laboratory records, which shall be accompanied by the report of a full clinical examination, including a report of the industrial history of the person concerned, the record of all occupations in which he has been employed, the nature of the harmful dusts to which he was exposed and the duration of such exposure.

(2) For entitlement to compensation, silicosis and coal miners' pneumoconiosis shall fulfil the following radiological and clinical conditions:

- (a) The radiological examination of the workmen must reveal—
 - (i) the appearance of generalised micronodular or nodular fibrosis covering a considerable part of both lung fields whether accompanied or not by signs of pulmonary tuberculosis; or
 - (ii) in addition to a marked accentuation of the pattern of both lungs, the appearance of one or several pseudotumoral fibrotic formations, whether accompanied or not by signs of pulmonary tuberculosis; or
 - (iii) the appearance of both of these types of fibrotic lesions at once, whether accompanied or not by signs of pulmonary tuberculosis;
- (b) Serial radiological pictures taken over a period during periodical medical examinations shall, as far as possible, be considered in making definite diagnosis in cases where doubt exists;
- (c) Radiological interpretation shall be based on the standard International classification laid down by the International Labour Organisation (Geneva classification).
- (d) The clinical examination of the workmen concerned must reveal decrease or deterioration of the respiratory function or cardiac function, or a deterioration of the state of general health, caused by the pathological processes specified above.

6. Evaluation of disablement.—(1) The evaluation of disablement shall be made by reference to the physical

(anatomical, physiological, and functional, and mental capacity for the exercise of the necessary functions of a normally occupied life which would be expected in a healthy person of the same age and sex. For such assessment, recognised cardio-respiratory function tests shall be used to assess the degree of cardio-respiratory function impairment.

(2) It shall be determined whether the disablement is temporary or permanent and also the percentage loss of function as it pertains to the loss or working capacity for receiving compensation.

(3) Assessment of disablement shall be proportionate to the loss of earning capacity, total disablement being taken to be 100 per cent loss of earning capacity.

Explanation.—For the purpose of this rule, "permanent disablement" shall mean such disablement as is certified to be permanent by the Medical Board.

7. Certification of cases.—(1) The Claims for compensation of any workman contracting a disease specified in Part C of Schedule III of the Act shall be supported by a certificate issued by a qualified medical practitioner:

Provided that where the contracting of such disease has resulted in permanent disablement such claim shall be supported by a certificate issued by the Medical Board.

(2) The certificate issued by a qualified medical practitioner shall contain the following particulars:—

- (a) is suffering from pneumoconiosis/pneumoconiosis with pulmonary tuberculosis and his condition is reasonably attributable to his employment in
- (b) is fit for (here certify as to his fitness for work, specifying where necessary the kind of employment for which he is fit).
